

Baadalo Pe Rasoi

Logo Usage Guidelines & Brand Protection Manual

A playful and comforting cloud kitchen identity inspired by warmth, homemade food, and dreamy visual storytelling.

Brand Personality

The Baadalo Pe Rasoi identity is soft, approachable, playful, and emotionally warm. The rounded typography and cloud symbol represent comfort food, imagination, and a welcoming homemade experience. These guidelines help maintain consistency across websites, packaging, social media, and print applications.

■ Logo Do's

Maintain Clear Space

Always leave enough breathing space around the logo. Minimum spacing should equal the cloud icon height.

Use Approved Colors

Use the original berry pink, white, or monochrome variations only.

Use Vector Formats

Use SVG or vector files for websites and packaging to maintain sharpness.

Scale Proportionally

Resize the logo uniformly from corners without distortion.

Use Clean Backgrounds

Prefer soft creams, beige, light pinks, or dark solid backgrounds for strong readability.

Use the Cloud Symbol Consistently

The cloud icon may be used separately for favicons, stickers, and social media icons.

Ensure Readability

Keep the logo large enough for mobile visibility and digital clarity.

■ Logo Don'ts

Do Not Stretch the Logo

Avoid squishing or stretching the logo horizontally or vertically.

Do Not Change the Typography

Do not replace the hand-drawn playful lettering with unrelated fonts.

Avoid Heavy Effects

Do not use shadows, bevels, glows, gradients, or unnecessary outlines.

Avoid Busy Backgrounds

Never place the logo directly over cluttered photography or patterns without contrast.

Do Not Modify the Cloud Shape

The cloud symbol should remain simple and recognizable.

Avoid Low Contrast Usage

Do not use colors that reduce readability or visual impact.

Do Not Overcrowd

Avoid adding too many supporting illustrations around the logo.

Website Usage Recommendations

- Recommended website logo width: 200–300 px
- Export SVG for responsive crisp quality
- Use transparent PNGs for overlays
- Use the cloud icon as favicon or app icon
- Recommended artboard size: 800 × 800 px
